I learnt a lot from table tennis training this year. I acquired new skills of playing table tennis and participated in competition. In this experience, I knew my own weakness so that I could try to improve it. Also, I learnt cooperate with others and viewed on an issue with different perspectives instead of blaming others and myself. I became more out-going and positive. I was more willing to make new friends. Playing table tennis helped me to enhance self-esteem. I want to improve my skills of playing table tennis and physical fitness in future. I hope I can get better result in competition. Thank you very much for your kind support so I can get chance to learn table tennis!
